

Testimonial

"Fitness Resource looked at OUR goals and objectives and together we found what best fit our needs, not theirs. But the most impressive attribute of the company was the service. We were not a large monetary project, just treated like one."

B.C., ELKIN, NC

TOTAL SOLUTIONS. TOTAL SATISFACTION.

If you're adding a fitness area to any type of facility, we can be your one-stop shop. Not only do we supply top-quality commercial fitness equipment at every price level, but we offer a variety of services that will make the process completely turnkey:

- Customized floor planning
- Factory-certified installation
- Preventive maintenance
- Product training and service

We know that you have lots of things to think about other than refreshing your fitness center. Let us help. With our 2D and 3D rendering tools we can help you plan your equipment needs and visualize what your facility will look like when it's finished.

"Your sales staff provided us with the information that allowed us to make the right decision for our needs. We would highly recommend Fitness Resource."
B.C., Glyndon, MD

Our decades of experience, thousands of installs and close relationship with suppliers speak to our expertise and reliability. From the ground up, Fitness Resource offers everything you need to create a brand-new fitness area or bring a fresh look to your current space.

- Cardio machines
- Strength equipment
- LEED-certified flooring
- Sports surfaces
- Custom-logo floors
- Accessories

Fitness Resource experts will listen to your input and develop a custom solution for your facility that will maximize your floor space and meet users' needs. Clients value our experience, and we'll work hard to earn your trust.

For a personal consultation, please contact your local sales representative. Contact information can be found on the back of this brochure.
